"PREPARED BY AND FOR THE CAST OF WALT DISNEY WORLD"

JANUARY 26, 1979

1978 OUTSTANDING IDEAS HONORED

Our second annual "I Have An Idea" awards dinner was held last week to honor the seven Outstanding Idea recipients of 1978. After a short slide presentation depicting each idea, **Don Sams** of Admissions was named the winner of the Outstanding Idea of 1978.

Don's idea was to replace the annual Main Gate Pass distribution with a Magic Kingdom Admission Pass issued to cast members for the entire time they are employed at Walt Disney World and validated annually at our I.D. Office. In recognition of winning the Outstanding Idea of 1978, Don received a large wall plaque and his choice of a vacation for two to either New York City, Disneyland, a Caribbean Cruise or to a Colorado Ski Resort.

The six other outstanding idea winners included **Steve McElveen** of our Service Garage who suggested a gasoline-operated blower for lake treatment, **Jeanie Semon** of our Contemporary front office who found a way of including Master Charge as a provision for payment on the guest charge display during check-in instead of check-out, **Jim Griffin** of Polynesian Lodging who redesigned the windshields on the pargo carts to make them adjustable to varying weather conditions, **Gene DeWitt** of our Electrical Department who altered the wiring system in our light poles to facilitate trouble shooting and repair, **Kathy Brady** of our Paint Shop who redesigned the traffic arrows so that they could be produced here at Walt Disney World instead of being purchased from outside, and **Forest Goings** of Polynesian Maintenance who recommended a concrete trough be built to channel water away from the building during rain storms which would prevent possible damage to the building structure.

You might be reading the list of Outstanding Ideas and thinking that you could of thought of some of those . . . and you probably can! Ideas are born almost anywhere and at almost anytime . . . in the shower . . . while driving to work . . . while having lunch. Our "I Have An Idea" program is designed so even if you write your idea on a napkin, it will get to the right place.

At most of our cafeterias and large break areas throughout Walt Disney World there are "I Have An Idea" boxes with idea forms. Simply complete the form, or write your idea on a piece of paper and place it in the box or send it through interoffice mail to "I Have An Idea", Center Building.

For your first idea accepted, you will receive a framed certificate noting your accomplishment in our program. If you have more than one idea accepted, you'll receive additional certificates. And for three accepted ideas in one year you will receive either a dinner for two or a \$50 gift certificate.

When a submitted idea is judged to deserve special recognition, it will be identified as an Outstanding Idea for the Month . . . and there is no limit to the number of ideas that can be judged Outstanding in one Month! Recipients of this award will receive an engraved wall plaque, the parking place of their choice for one month, their choice of a \$100 gift certificate at Walt Disney World Village at Lake Buena Vista or a Mickey Mouse telephone and an invitation to the end-of-the-year "I Have An Idea" Awards Dinner.

Now, put your mind to work and write down those ideas you've been tossing around in your head. If you think you have a way to improve the Walt Disney

World show, to increase efficiency or capacity, improve guest service, improve your current operation or improve safety, send that idea to the "I Have An Idea" committee. It's time to put your ideas to work for all of us!

Recipients of the Outstanding Idea of the Month award will receive a small wall plaque, the parking place of their choice for one month, and their choice of a \$100 gift certificate at Walt Disney World village at Lake Buena Vista or a Mickey Mouse Telephone. The Mickey Mouse Telephone is a new addition to our "I Have An Idea" program and was submitted as an idea to the "I Have an Idea" committee in 1978 by **Bob Krawczyk** of Design and Development.

All Outstanding Idea Winners are invited to an end-of-the-year dinner in appreciation of their contribution to our "I Have An Idea" program. The other 1978 winners were (clockwise) **Kathy Brady** of our Paint Shop; **Jeanie Semon** of Contemporary Front Office; **Steve McElveen** of our Service Garage; **Gene DeWitt** of Electrical, pictured with **Neil Gallagher**, Director Facilities, and **Forest Goings** of Polynesian Maintenance; and **Jim Griffin** of Polynesian Lodging.

DAY CARE CENTER CONTINUES ENROLLMENT

Thanks to the support of many of our cast members, we are now very close to reaching our minimum pre-enrollment goal and Gerber has agreed to continue with our negotiations so a final contract may be signed and construction begin in the very near future.

Present indications are that we **will** have a Day Care Center for Walt Disney World cast members. However, we do not know exactly what hours the Center will be open, what programs will be offered (Pre-School, Toddler, Kindergarten, etc.) or what the weekly tuition fee for each of these programs will be, for the following reasons.

As you will recall, Gerber tentatively agreed to a weekly tuition fee of \$25 for a five-day week. That proposed fee was based on the Center being open from 7 a.m. to 7 p.m. for pre-school children only (2 1/2 to 6 years old). After the results of the Day Care Center Survey were compiled, Gerber agreed to consider expanding the operating hours, if possible, and also agreed to consider providing a Toddler Program for an additional fee, provided there was sufficient interest.

Whether or not Gerber will be able to offer the Pre-School Program at \$25 per week, as originally proposed, depends entirely on whether or not enough pre-school children are enrolled for the 7 a.m. to 7 p.m. time period to make it economically feasible for them to provide day care at this fee. For this reason, we will continue to pre-enroll children in the Center.

Our goal is to be able to accommodate all cast members who have a need for day care. But it is important that we help Gerber meet their enrollment requirements so they can operate the Center economically and at a savings to you, while at the same time meeting the needs of as many of our cast members as possible.

So, if you are interested in the Gerber Day Care Center, please call Jill Krotky in Cast Activities at extension 4254, or come by Cast Activities and see Jill to pre-enroll your child.

NEWS

TWO BAHAMA CRUISES OFFERED THIS YEAR

Join In Cast Activities' Exciting Cruise to Nassau and the Out Islands this June . . . Or Our Week-Long Cruise in October!

What a choice . . . do I go to Nassau and the Berry Islands for four days this June; or do I spend seven days touring Cozumel, Grand Cayman, Ocho Rios and an Out Island port in October? Or do I do both?

Choices like these are always hard to make. So let's take a minute to lay out the four-day itinerary and touch on the seven-day cruise . . . then let you make your own choice!

Imagine yourself sailing into the world's most beautiful blue-green waters: The Bahamas. You'll be aboard the magnificent **Sunward II**, where everything is sleek and new. Completely refitted two years ago, the **Sunward II** has a modern stabilizing system, completely air conditioned below deck, swimming pool, cinema theater, disco, sauna, a fabulous split-level dining room, elegant lounges, duty-free shops with an international flavor, even its own casino. Once aboard ship, regular entertainment includes three bands, a different night club act every evening, native shows, and four movies. You'll find the 279-member crew ready to serve you lavish meals with outstanding entertainment and service.

Unlike other three-night cruises, you'll discover that this cruise offers **time** at sea. Departure is Friday afternoon, with an exciting evening at sea.

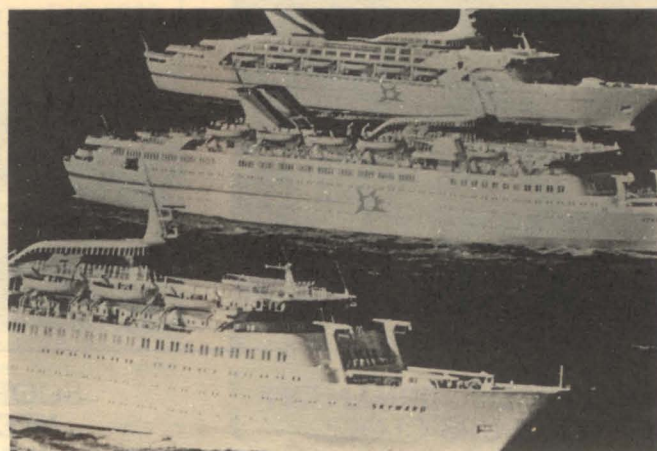

You'll wake up to a delicious breakfast Saturday morning, and have time to stroll the decks and explore the ship before docking at Nassau for lunch. In bustling Nassau, you'll spend the day shopping in the world's largest straw market and discover elegant shops, packed with an array of European treasures.

As the sun sets, the beat of nighttime Nassau rises all around you. You'll find entertainment abounding, from the red plush Paradise Island Casino to native shows to the dazzling sophisticated revues.

But Nassau is only the beginning. In the early morning hours, you and your ship will slip silently out of Nassau Harbor and into another world . . . the Out Islands, the fabled tropical sea of 700 atolls, each with a romantic name, untouched beaches, and a charm that has lured adventurers for hundreds of years.

You'll glide past isle after isle as the sun rises, and then anchor off one of the most beautiful at mid-morning Sun-

day. You'll be ferried ashore to an incredible private beach among the Berry Island chain, where you'll spend the day swimming and snorkeling, playing volleyball, kite flying, shelling and exploring. And the ship's crew will be along, serving a delicious lunch and providing a beach band for entertainment.

When the beach party ends, the day's festivities will continue onboard ship as you weigh anchor and turn for Miami. The evening will include a gala farewell dinner and party. And you can dance all night, because the ship won't dock until early Monday morning.

There's only one cruise experience that shows you both sides of the Bahamas . . . the excitement of Nassau and the romance of the Out Islands. That experience is called "Bahamarama," and you can join in as Cast Activities and the Walt Disney Travel Company combine to offer you a fabulous three-night cruise aboard the sleek **Sunward II**.

The cost of this exciting cruise ranges from \$265 to \$285 per person depending on deck level selected, based on double-occupancy.

The one-price package includes your round-trip transportation on a chartered bus from Lake Buena Vista to Miami, lunch en route both ways, shipboard accommodations and ocean transportation, all meals aboard ship, baggage handling at Port of Miami upon arrival and departure, and Port Tax.

Continued on page 6

Continued from page 5

Our chartered bus will depart the Lake Buena Vista Preview Center on **Friday, June 8**, at 8 a.m., with return set for 4 p.m. on **Monday, June 11**. Cast Activities is now accepting reservations with \$100 deposit, based on a first come, first served basis. This deposit is non-refundable after March 1st unless you can be replaced off a waiting list.

Also, this trip is limited to cast members and one guest or family member until March 1st, at which time any open cabins will be sold to those additional non-employees you may place on a special waiting list.

SEVEN-DAY CRUISE IN OCTOBER

Interested in a cruise, but of a longer duration with the same fine facilities offered aboard the **Sunward II**? Then try our seven-day cruise through the Bahamas and neighboring chains aboard her sister ship, the **M/S Southward**.

This cruise is set for departure on **October 20th**, with a total package cost ranging from \$592 to \$630 depending on deck level selected. Be sure and watch next week's **EYES & EARS** for full trip details and reservation information.

SPORTS, CLUBS & SPECIAL EVENTS

Pictured here are members of the **Snow Skiing Club** on their first trip of the year to Beech Mountain, North Carolina. Most found it a bit chilly their second morning on the mountain when they were loading equipment on the bus . . . in 10° weather with wind up to 40 mph . . . putting the wind chill factor well below zero! But everyone came back after a great skiing vacation, ready to go again!

NEW RELIC EXPLORER'S CLUB FORMING

Last week, **EYES & EARS** announced the formation of our newest cast club, the **Relic Explorer's Club**, and now is the time to stop by Cast Activities and fill out an interest application.

The sport of relic hunting comes by many names, including metal detection and treasure hunting. In fact, it can be classed as a form of Archaeology. But more than anything else, it can be called **fun**.

This fast-growing sport is especially exciting in Florida, with our natural wealth of pirate strongholds and Civil War battles. And don't forget that other natural wealth of treasure . . . tourists dropping everything from coins to watches!

The two basic pieces of equipment which our **Relic Explorer's Club** will utilize on their outings are the **individual metal detector** and **research**. Outings will include everything from Civil War battle fields to islands off the coast reputed to contain pirate treasure! At the meetings, you'll take part in planning the next outings . . . pouring over topography maps, perhaps a little library research, and looking over the "booty" from previous outings. And there'll be slide shows and lectures from local treasure hunters and equipment demonstrations.

ST. PATRICK'S DAY RUN MEETING

The first organizational meeting of the year for our upcoming **3rd Annual St. Patrick's Day Run** will be held at Little Lake Bryan at 12 noon on **Saturday, January 27th**.
